- Teams should change ends at each quarter.
- Game Managers do need to blow the whistle to start the game and finish the game and when in the case a goal is scored
- The team that does not score takes the next centre.
- Game Managers are there to support and coach their teams and also assist with the other team as needed. Both 'coaches' should help all players on court to understand the game and have fun.

- Encourage players to keep their arms down throughout the game as there shouldn't be any defending on the ball. GK and GD may put their arms up to try and catch a rebound but cannot defend the player.

- Don't ever take the ball and award it to the other team.
- Players should not be wearing any jewellery however also check for any hair bands/clips etc that might be sharp or dangerous and have these removed where possible.
- Encourage parents not to have their child's ears pierced through the season as part of netball rules is no jewellery so you would have to ask for them to be removed – not pleasant.
- No scores should be kept however names must be marked off on the scoresheet for record keeping.
- Positions should be rotated fairly so all players get a chance to try all positions.
