

## WWPNA ROLLING SUBS PROCEDURE 2024

- Junior Green will not utilise rolling subs. The junior green grade comprises of 10–11-year-old children who are still learning the rules of the game and are still new to netball.
- Bibs can be swapped at the time of substitution if a second set of the same colour is not available.
- Positional changes must be shown by using the provided position cards, in line with the centre circle.
- Once the players and umpires are aware, the physical swap of players can occur at the transverse line closest to the substituted position. Swaps can occur at either side of the court in the regular season.
- Swaps must occur off the court as to not interfere with play and umpire movement.
- Centre passes are to be recorded on the scoresheet by the scorers.
- 2 sets of position cards will be provided in the scoresheet folder.

**PLAY NETBALL**

**IT ALL BEGINS  
ON THIS  
COURT.**
